Savvy Safety Tip

3-5 years old: It rhymes with…
Practice your name with your child creating a rhyme. *My Dads name is Zack he puts his lunch in a sack! My last name is Moore we shop in a store!*

6-8 Years old: Safe Grown Ups: Have you talked to your child about the pick up plan after school and who is on the safe pick up list? Now is the time! Ask them who they would choose.

9-13 years old: Will your tween be **walking home** this year? **Establish a safe walking route!** Give them strategies on what to do and where to go if they need help.

All Ages: Remind kids to **check in** if the plan changes and to **never accept rides** from *anyone* without getting permission!
